

### **38 students from Ho Chi Minh City University of Technology (HCMUT) awarded Bumi Armada Berhad Scholarship**

On June 22, 2022, the Bumi Armada Berhad Scholarship Award Ceremony took place at A4 Hall – HCMUT Campus. The scholarship awarded to 38 students of HCMUT, which value of 250 USD of each.

Attending the awarding ceremony, from Bumi Armada Berhad, there were the participation of Mr. David James Clark - Senior Vice President, Mr. Luke C. Targett - CFO, and Experts. Representing Vietsovpetro were Mr. Nguyen Thanh Minh - Deputy Manager of Marketing & Service Department and Mr. Tran Quoc Khoi - Deputy Director of Oil & Gas Production Enterprise. From HCMUT, there were the attendance of Assoc. Prof. Dr. Nguyen Danh Thao - Vice President, together with representatives of related departments and faculties and scholarship awardee.

Bumi Armada Berhad Group is an international offshore energy facility and services provider based in Malaysia with experience operating in more than 10 countries spread across three continents - Asia, Europe and Africa. The main activity is to provide solutions: floating production offloading, liquefied natural gas, floating storage equipment, offshore support ship vessels and undersea construction...

On behalf of HCMUT, Assoc. Prof. Dr. Nguyen Danh Thao thanked Bumi Armada Berhad and Vietsovpetro for accompanying and supporting the university in this meaningful program. The scholarship aims to encourage and motivate students in their study and research. In addition, this is also an opportunity for students to learn and access information about Malaysia such as scholarships, recruitment, culture and working environment, etc., thereby, helping to consolidate and enhance the partnership network between units as well as the close relationship between Malaysia and Vietnam.

By this occasion, Mr. David James Clark also shared that he himself "was a student like you today". Upon graduation, joined Bumi Armada Berhad corporation and got achievements by all efforts. Therefore, he hoped that the students should try to study and had aspirations to succeed in the future. Besides, he also thanked HCMUT for creating the opportunity for Bumi Armada Berhad Corporation to fulfill its social responsibility; at the same time, helping to nurture high quality human resources for the oil and gas industry.

Last but not least, Mr. Nguyen Manh Duc - a third-year student from Faculty of Electrical – Electronics Engineering, on behalf of all scholarship awardee, had a speech to express his appreciation to Bumi Armada Berhad and Vietsovpetro for having sponsored the scholarship program, because for him, this is not only an award but also a record of recognition. Duc also thanked his family, professors, and friends for their dedicated support in order for him to be able to pursue his dream. " This scholarship is an encouragement for us to contribute a part of our abilities to foster science and economic development," Duc shared.

The BAB scholarship fund is initiated by the Bumi Armada Berhad corporation for the years 2021 and 2022 under a cooperation agreement with HCMUT for students of the faculties: Electrical - Electronics, Mechanical and Geotechnical Engineering and Oil and gas, for students with excellent achievements in academic competitions, scientific research, and social activities.
