## AGN GOES TO CAMPUS

### ESG Program of PT. Armada Gema Nusantara (AGN) to Chemical Engineering Department, Engineering Faculty, University of Indonesia, 28<sup>th</sup> February 2024

On 28th February 2024, PT. Armada Gema Nusantara (AGN) in collaboration with Chemical Engineering Department, University of Indonesia held an 'AGN GOES TO CAMPUS' program. The program's main objectives were to:

- Communicate and share overview process, maintenance, safety, and management system of FPSO to college student.
- Introduce AGN as a leading Floating Solution company in oil and gas industry in Indonesia.
- Demonstrate AGN's commitment to working together with the local educational institutions for good Quality Education as per Sustainability Development Goals (SDG) no-4.

The event was attended by 61 college student of chemical engineering, and accompanied by 2 lecturer; Ir, Prof, Dr, Praswasti Wulan M.T. and Cindy Dianita S.T., M.T., P.hd.

Presenters from AGN were Mr. Agung Priyo Sembodo (VP Operations), Mr. Dapot Gultom (Sr HSSE Manager), Mr. Welly Ariyo Tarigan (Technical Manager), and Mr. Atto Fadhel (Process Engineer).

The event had a very satisfying response from both students and lecturer. After the event ended, the lecturers were very interested in AGN's presentation and hoped that AGN could become a guest lecturer again in the future, and some of students wanted to collaborate with AGN such as internship or practical work in AGN facilities, giving seminars, being a judges for scientific competitions, and so on.
