AGN GOES TO CAMPUS

ESG Program of PT. Armada Gema Nusantara (AGN) to Institute Technology of Sepuluh November Surabaya (ITS), 30th April 2024

On 30th April 2024, PT. Armada Gema Nusantara (AGN) in collaboration with Institute Technology of Sepuluh November Surabaya (ITS) held an 'AGN GOES TO CAMPUS' program. The program's main objectives were to:

- Communicate and share overview process, maintenance, safety, management of FPSO, and internship program to college student.
- Introduce AGN as a leading floating solution company in oil and gas industry in Indonesia.
- Demonstrate AGN's commitment to working together with the local educational institutions for good Quality Education as per Sustainability Development Goals (SDG) no-4.

The event was attended by 116 college student from various technical department of ITS e.g. Offshore Engineering, Ocean Engineering, Mechanical Engineering, and public. The concept was talkshow seminar where mostly focus on Q&A session and accompanied by Moderator from the campus, Dr. Eng. Kriyo Sambodho, ST. M. Eng.

Presenters from AGN were Mr. Agung Priyo Sembodo (VP Operations), Mr. Dapot Gultom (Sr HSSE Manager), Mr. Arimunanto (Sr. HR Manager), Mr. Welly Ariyo Tarigan (Technical Manager), and Mr. Atto Fadhel (Process Engineer).

"AGN GOES TO CAMPUS" was not just an event; it was a testament to our commitment to build strong partnerships for knowledge sharing and driving positive change. We look forward to continued engagement with educational institutions and future opportunities to inspire and empower the next generation of industry leaders.
