

Bumi Armada is deeply humbled and honoured being recognised with TWO AWARDS at the Employee Experience Awards (EXA) 2024 by Human Resources Online

- GOLD – Best Onboarding Experience
- SILVER – Best Soft Skills Training Programme

Climbing from Silver to Gold in Best Onboarding Experience makes this year's recognition especially rewarding, highlighting our ongoing efforts to enhance every new hire's journey. This progression reflects our dedication to creating an exceptional onboarding experience that helps new employees feel welcomed, informed, and supported from day one.

We are equally proud to have placed Silver in the Best Soft Skills Training Programme. This recognition reflects the hard work and dedication that have gone into developing initiatives that support our employees' growth beyond technical skills — empowering them to thrive in their roles, build strong workplace relationships, and grow as well-rounded professionals.

These recognitions are a reflection of the heart we put into building a people-first culture, where everyone feels they belong and has the tools to grow.

To our employees, thank you for inspiring us to keep raising the bar. It's never about the awards alone — it's about the people, the progress, and the purpose behind everything we do.
