

ABJV Electrification Project in Sumbe

On 12th July 2024, ABJV, in collaboration with the National Institute of Petroleum (INP), successfully supported the Benzengulo community by installing an electrical power station. This development provided reliable power access to the community, directly benefiting the local school and medical facility. Through this initiative, ABJV contributed to the advancement of SDG 3 – Good Health and Well-Being, SDG 4 – Quality Education and SDG 7 – Affordable and Clean Energy. Additionally, this program significantly impacted the Ngangula community, providing essential aid to 400 families, further enhancing the community's overall well-being and quality of life.
