

AGN Goes To Campus – University of Brawijaya

On 22 May 2025, PT. Armada Gema Nusantara (AGN) collaborated with the Faculty of Engineering, University of Brawijaya (UB) Malang to host the “AGN GOES TO CAMPUS” program, aimed at sharing insights on FPSO operations, safety, maintenance and internship opportunities, while introducing AGN as a leading floating solutions provider in Indonesia’s oil and gas industry. The event, aligned with SDG 4 - Quality Education, was attended by UB faculty leaders and over 200 students from various engineering disciplines. Featuring a talk-show seminar format moderated by Dr. Eng. Zefry Darmawan, the session included presentations from AGN’s senior management, reinforcing the company’s commitment to education, collaboration and talent development.
