Kuala Lumpur, 27 February 2026 – Bumi Armada Berhad (“Bumi Armada” or “the Group”) today announced its Q4 2025 financial results.

For financial year (“FY”) 2025, the Group earned net profit¹ of RM439.0 million, compared to RM634.0 million in FY 2024 mainly due to lower contribution from Armada Kraken FPSO and Armada Olombendo FPSO, offset by impairment of vessels recognised in FY 2024 and lower finance cost in FY 2025. The Group reported a net profit¹ of RM80.1 million in Q4 2025, from RM96.1 million in third quarter of 2025 (“Q3 2025”) primarily due to lower share of results of joint ventures and associates and lower contribution from Armada Kraken FPSO and Armada Olombendo FPSO, offset by higher operating income.

The Group’s underlying business is mainly denominated in US\$. The strengthening of the Malaysian Ringgit against the US\$ will have an adverse effect on the earnings and balance sheet as reported in Malaysian Ringgit.

The Group generated cash flow from operations of RM1,035.5 million for the year which enabled significant debt reduction throughout the year whilst still maintaining a strong closing cash balance of RM1,316.1 million.

¹ Net (loss)/profit refers to (loss)/profit for the financial period attributable to Owners of the Company.

The firm order book at the end of Q4 2025 amounted to RM7.9 billion, with certain contracts containing extension options beyond the firm contract period with a total value of RM8.8 billion.

Commenting on the results, Mr. Gary Christenson, Chief Executive Officer of Bumi Armada remarked, "I am pleased that we continued our excellent safety record of zero LTI's for 2025. The fleet performed as expected throughout the year which enabled us to generate in excess of RM1 billion in operating cash flow. Our improving financial position enables us to actively bid for new projects and to declare an interim dividend of 1 sen per share."
