

BUMIARMADA

QUALITY MANAGEMENT POLICY

The “Company” (herewith refers to Bumi Armada Berhad, its subsidiaries and joint ventures under its management and operational control) is committed to delivering safe, reliable and high-quality products and services in support of our strategic direction in the offshore energy industry.

We achieve this through the effective implementation of a Quality Management System aligned with internationally recognised standards, ensuring consistent performance and enhanced satisfaction of our clients and relevant interested parties.

This policy provides a framework for establishing, implementing and reviewing measurable quality objectives in line with the Company’s business goals.

In pursuit of this commitment, the Company shall:

- Demonstrate leadership and accountability in promoting a culture of quality aligned with our strategic direction;
- Ensure effective implementation, maintenance and continual improvement of the Quality Management System in accordance with ISO 9001 requirements;
- Provide adequate resources and ensure that all employees are competent, aware, and responsible for the quality of their work;
- Consistently meet applicable client, statutory, regulatory, and other interested party requirements;
- Enhance customer satisfaction through reliable delivery and continual improvement of processes and performance;
- Apply risk-based thinking and process controls to ensure consistent and effective operational outcomes;
- Drive continual improvement by addressing nonconformities, implementing corrective actions, and leveraging lessons learnt and opportunities for improvement.

For and on behalf of Bumi Armada Berhad Executive Committee,

ALEXANDER JAMES BRIGDEN
Chief Operating Officer
15 May 2026

LUKE CHRISTOPHER TARGETT
Chief Financial Officer
