

Health Talk “Basic Life Support”

As part of its Environmental, Social and Governance (ESG) initiatives, PT Armada Gema Nusantara (AGN) organised a comprehensive Basic Life Support (BLS) and Practical First Aid workshop in collaboration with Spazio Office Building and Spazio Tower. The workshop was held on Tuesday, 31st March 2026, at the Spazio Building in Surabaya and was attended by approximately 60 representatives from various tenants of the Spazio Office Building and Spazio Tower.

The programme is aligned with the United Nations Sustainable Development Goals (SDGs), particularly SDG 4 – Quality Education, by fostering specialised technical skills and safety awareness among professionals with the community. This initiative highlights PT AGN'S ongoing commitment to upholding the highest Health, Safety and Environment (HSE) standards.
